If conducted away from the duty site, educators will be compensated for the time spent at training in accordance with established practice.
2. It is understood that, when the SIS is down or not functioning properly, hard copies of grades will be accepted or timelines for reporting grades will be extended.
3. In attempting to resolve any disputes that arise, the parties agree to make every effort to resolve such disputes at the organizational level where they arise prior to forwarding the matter to the next level.
4. The parties will meet to review SIS implementation after SY 2006-2007. FEA may then request additional bargaining on modifications, if any, to the continuing implementation of the SIS Program.
